Title:	**AM-9-1 to Res 1. : EUROPE IS NOT FOR SALE – For a sovereign, just and democratic Europe**
Tabled by:	EGP Committee

From line 8 to 10:

people while putting profits before homes and public services. They claim to defend democracy while siding with tech oligarchs and scapegoating minorities. ~~Conservatives increasingly enable the far right.~~

The European right and centre-right increasingly choose alliances with the far right, undermining Europe's unity, independence and capacity to act. At a time when authoritarian powers are challenging democracy and international cooperation, Europe must also confront its own political weaknesses: insufficient investment in the green and just transition, growing social and economic inequalities, continued dependence on fossil fuels and political choices that have increased strategic dependencies and weakened our collective capacity to respond to these challenges. These alliances and failures of leadership undermine European unity and block the reforms needed for a stronger, more democratic, socially just and ecologically sustainable Europe. Conservatives increasingly enable the far right.
