Insert from line 51 to 53:

reproductive freedom, LGBTIQ+ rights, and the rights of older people, persons with disabilities and ethnic, national and regional minorities.

We defend the right to asylum and call for a humane European migration policy based on human dignity, solidarity and shared responsibility. We reject the instrumentalisation of migration and the scapegoating of migrants. We firmly reject any attempt to replicate the ICE model in Europe, as such practices are incompatible with fundamental rights, human dignity and European values.
