31st Council
10-13 June 2020
Online
by the European Greens

Title:	**AM-49-1 to Res 5.: Green Data Centres for Europe: Climate-Safe and Sovereign**
Tabled by:	Groen

Demands

Insert from line 48 to 50:

- Data-centre operators must cover their fair share of the costs for grid reinforcement, additional renewable capacity or investment in energy-efficient upgrades of homes in the local community amounting to the equivalent of the data centre's energy use and required water infrastructure.

Explanation / Comment

via Community Benefit Agreements, New Jersey is a good example of this
