Title:	**AM-58-1 to Res 5.: Green Data Centres for Europe: Climate-Safe and Sovereign**
Tabled by:	Groen

Demands

Insert after line 58:

- Binding international minimum standards to protect vulnerable regions from predatory deals on data centres and processor chip value chains, and to share the environmental and social burden equitably.

Explanation / Comment

A demand linked with our AM-18-1 'Regions that are impacted the most by the expansion of data centres and the extraction of resources, like the Global South, often benefit the least from the technology.'
