From line 42 to 45:

As Greens, our role in this mandate is to hold the political forces leading the European institutions to account and fight back against the right-wing drift. By taking responsibility in the election of the Commission president, we have shown ourselves ready to build bridges and compromise to realise our positive agenda. We challenged Ursula Von Der Leyen to do so by leading a coalition which would refuse to embrace the far right ideology and discourses or to empower its representatives.
