

Title: **AM-33-1 to B-R7: Nature Restoration Law vs. EU plan for critical raw materials - challenges to protect nature and food sovereignty**

Tabled by: Miljöpartiet de gröna

Draft text

From line 33 to 36:

~~Europe's green transition and digital transformation — associated with an unsustainable model of overconsumption and overexploitation of raw materials — are far removed from plans for the transition to place prevention and precaution at the forefront of productive and technological solutions.~~

While a green transition is needed and requires some extraction of raw materials, in these cases, the impact on both the local environment and people have not been shown sufficient consideration.
