

Title: **AM-33-2 to B-R7: Nature Restoration Law vs. EU plan for critical raw materials - challenges to protect nature and food sovereignty**

Tabled by: EGP Committee

Draft text

From line 33 to 36:

Europe's green transition and digital transformation – ~~associated~~unless it can break with an unsustainable model of overconsumption and overexploitation of raw materials – ~~are~~will be far removed from ~~plans for the~~a transition ~~to place~~that places prevention and precaution at the forefront of productive and technological solutions.
