

Title: **AM-41-1 to B-R7: Nature Restoration Law vs. EU plan for critical raw materials - challenges to protect nature and food sovereignty**

Tabled by: Federation of Young European Greens

Draft text

From line 40 to 43:

precautionary principle concerning the environmental impact of lithium mining, while jeopardising national needs and goals regarding nature protection. In ~~both cases~~the case of Portugal, governments have not gone any further with the projects thanks to strong popular demonstrations and the persistence of civic movements and parties,
