

Title: **AM-69-1 to B-R7: Nature Restoration Law vs. EU plan for critical raw materials - challenges to protect nature and food sovereignty**

Tabled by: Federation of Young European Greens

Draft text

From line 68 to 70:

Extraction and processing of lithium in the Jadar Valley, planned by the Rio Tinto company, ~~e~~would significantly harm the environment, creating a devastating impact on the surrounding areas of farmland, forest groundwater and soil,
