Draft text

Insert after line 132:

- Therefore, we especially call on the UN to ensure the safety of the people of Gaza by deploying security forces to ensure order and peace for an indefinite period of time.
Upon taking responsibility for the safety and security of the Gaza Strip, UN international units are expressly tasked with the immediate and complete disarmament of all Palestinian armed groups in Gaza and at the same time with the organization of the immediate safe and complete withdrawal of the Israeli Defence Forces from the Gaza Strip.

Explanation / Comment

In the current situation in the Gaza Strip, armed conflicts make any humanitarian assistance very difficult or even impossible, and the lives of the residents of Gaza are at risk. Only with the complete disarmament of the Palestinian armed groups, the complete withdrawal of the Israeli army and the establishment of security in the Gaza area by the UN troops can we begin to re-establish acceptable living conditions and thus have a decisive impact on the quality of life of the residents of Gaza and save many lives, because it is human lives that are irreplaceable and they are therefore invaluable for the EGP and we put them first.
