

Title: AM-74-1 to B-R6: Transitioning to sustainable and resilient farming systems in Europe

Tabled by: Groen

Draft text

From line 74 to 75:

~~The upcoming EU Common Agricultural Policy must move from risk management that focuses solely on coping to a CAP that focuses on prevention.~~

The upcoming CAP reform should drive the transition of our agricultural and food system towards sustainability. This includes prioritising prevention over short-term coping policies.
