

Title: **AM-64-1 to R4: European Digital Democracy:
Sovereignty, Rights and Online Safety**

Tabled by: Federation of Young European Greens

Demands

Insert from line 63 to 64:

standards, ethical AI, radical lobbying transparency, and strict regulation of dominant platforms.

2. Develop secure EU-wide management and messaging systems for public services, safeguarding critical infrastructure from external interference.

Explanation / Comment

As we saw with the malfunction of Microsoft systems which impacted the Dutch government, we can't rely on only American service providers.
