

Title: **AM-63-2 to R4: European Digital Democracy:
Sovereignty, Rights and Online Safety**

Tabled by: Die Grünen - Die Grüne Alternative

Demands

Insert from line 62 to 64:

1. A European strategy for digital sovereignty and transparency, including open standards, ethical AI, radical lobbying transparency, [effective limits on Big Tech Lobbying at EU level](#), and strict regulation of dominant platforms.

Explanation / Comment

The EU must also address and limit the disproportionate lobbying influence of dominant digital platforms, while maintaining the broader objective of a European strategy for digital sovereignty.
