

Title: AM-65-1 to R4: European Digital Democracy:

Sovereignty, Rights and Online Safety

**Tabled by:** Bündnis90/Die Grünen

## **Demands**

## From line 65 to 69:

2. Strong regulation on platform interoperability and by using opportunities to promote the opening up the social network infrastructure so users can access third-party applications, such as recommender systems, and allowing third party additional applications gain real transparency over how decisions and recommendations are generated.
