

**Title:** **AM-24-1 to R2: Green solutions for more crisis-prepared, resilient and safer societies**

**Tabled by:** Federation of Young European Greens

**Insert from line 23 to 24:**

investing in local services and their resilience, and building the necessary infrastructure capable of withstanding various shocks. **This includes nature-based resilience measures that also strengthen territorial defence, such as wetland restoration, erosion prevention and biodiversity recovery.**

**Explanation / Comment**

Future generations need nature to be resilient and able to recover after conflict. Therefore, we as Greens should prioritize and explicitly incorporate nature based solutions in our resilience measures.
