

Title: **AM-56-1 to R3: Shifting Europe's Transport Infrastructure Towards Sustainability and Justice: The European Rail Network at the Centre**

Tabled by: Green Party of England and Wales

Demands

Insert in line 56:

– An end to unfair aviation subsidies, except for public service obligation flights, such as those to isolated regions and islands.

Explanation / Comment

Makes sure that we don't pull support for vital public service obligation flights where ferries or rail aren't suitable. These flights, such as to the Shetland Islands in Scotland, are required by law to serve isolated communities both for people and mail.
