

Title: **AM-76-1 to R3: Shifting Europe's Transport Infrastructure Towards Sustainability and Justice: The European Rail Network at the Centre**

Tabled by: Green Party of England and Wales

Demands

Insert from line 76 to 77:

- Create a EU-funded, publicly owned pool of rolling stock (including for night trains) available for leasing by undertakings

Explanation / Comment

Adds support for publicly owned rolling stock, rather than being reliant on leased stock, especially as public finance is being invested, it should be owned by a public body.
