

**Title:** **AM-35-1 to R3: Shifting Europe's Transport Infrastructure Towards Sustainability and Justice: The European Rail Network at the Centre**

**Tabled by:** EGP Committee

**From line 34 to 37:**

still tax-free and touristification rising. Road traffic represents as much as 20% of Europe's total emissions, ~~but governments insist on expanding motorways, inducing further demand, while online shopping and last-mile logistics add even further pressure.~~ whereas rail is only 0,4% of the total transport emissions, but governments insist on expanding motorways, inducing further demand, while online shopping and last-mile logistics add even further pressure.
