

Title: **AM-32-2 to R3: Shifting Europe's Transport
Infrastructure Towards Sustainability and Justice:
The European Rail Network at the Centre**

Tabled by: Esquerria Verda

Insert from line 31 to 33:

Increased aviation and road traffic produce high greenhouse gas emissions, as well as noise and air pollution, that harm public health. It is illogical tha plane tickets are often cheaper than train fares. Despite this, subsidies are still flowing disproportionately toward aviation, with kerosene
