Curriculum Vitae [PDF]

To the Congress of the European Green Party

Dear Members of the European Green Party,

I would like to submit my candidacy for one of the three positions on the Financial Advisory Board (FAB) of the European Green Party.

I am 69 years old and I come from Lintgen, a small village in Luxembourg. From 2018 to 2023, I was a Member of Parliament for Déi Gréng, the Luxembourg Green Party. I am currently a member of the party's control committee as well as a local councilor. My political engagement extends beyond Luxembourg's borders: I am also a member of Les Écologistes in France, within the section of the 18th arrondissement in Paris.

Alongside my political experience, I believe that my professional background particularly qualifies me for this position. For more than 30 years, I worked as a Research Director in market and opinion research and remain a shareholder in the company. Managing figures, designing, and overseeing projects and budgets, and analyzing financial data have been part of my daily work — skills I continue to apply in my current political roles.

Additionally, I am a member of the national board of the Higher Council for Intercultural Living Together in Luxembourg and of SICONA, a local environmental protection association of municipalities.

I have always valued the strength of the Green Party at the European level — not only because our goals are more relevant than ever, but also because standing up for what is right in these challenging and uncertain times is essential. The EGP has always been, and continues to be, a strong voice for democracy, nature and climate protection, and social justice. These core principles have guided me throughout my entire political career.

Serving on the Financial Advisory Board of the European Green Party would be both an honour and a meaningful opportunity to continue my long-standing commitment to the Green movement — a cause that remains deeply important to me and for which I still have strong energy and motivation.

Yours sincerely,

Charles Margue
