Dear Green Colleagues,

I am reaching out to you to seek your support for my candidacy for re-election to the EGP Conciliation Panel. I have served on the Panel for the past three years since the Vienna Congress and look forward to continuing that work in the coming term.

I have been deeply involved in the Irish and European Green Party for 20 years now, serving as chair of the Irish Young Greens, International officer and EGP Delegate for the past decade and having worked in Brussels with both the Greens/EFA group in the office of Grace O'Sullivan MEP, and the EGP itself. I have an MA in European Politics and a BA in History, and am currently working as the Green Party manager in our Dublin Headquarters, having until recently served as the Parliamentary Political Manager. I have maintained a deep and abiding belief and interest in the European Green Movement and the work of the EGP since my first engagement with FYEG.

During the term of the previous Conciliation Panel, I worked closely with my colleagues Frieda, Tetiana, Imane and Ursula in our assessment of the SMS Zeleni dispute with the EGP committee, and completed that work in a fair and efficient manner in advance of the Dublin Congress this year.

I believe I have the organisational abilities, judgement, experience and belief in the cause of European Green unity to continue to fulfil the role dutifully for another term, and look forward to your support.

Sincerely,

Ed Davitt
