Candidacy for a Second Term as European Delegate to the Global Greens

Dear Green Friends,
Curriculum Vitae [PDF]

I am pleased to submit my candidacy for a second term as European Delegate to the Global Greens. My first mandate has been both personally rewarding and politically stimulating, and it would be an honour to continue this commitment.

During my first term, I worked actively to strengthen our network and foster closer connections among member parties. I took part in several working groups, including the one on biodiversity, and currently coordinate the ocean sub-group. I also helped organise thematic webinars—one ahead of the COP on Biodiversity and another on the environmental impacts of the fashion industry. Earlier this year, I was honoured to represent the Global Greens at the Biodiversity COP in Rome (February 2025).

Transparency has been a guiding principle of my work, and I intend to maintain that approach. I regularly reported back to the French Federal Council (the party’s “parliament”) and promoted Global Greens sessions at our European congresses to ensure our members remain well informed and engaged.

A member of *Les Écologistes* for nearly a decade, I bring a background in international and European politics, experience working for a Member of the European Parliament, and several mandates within the European Green Party—as a French delegate to our congresses and as a member of the bureau of the Mediterranean Network. These experiences have given me a solid understanding of our European policies and our shared international agenda. Having lived in Asia for several years, I have also developed a sensitivity to cultural diversity and a commitment to respectful, constructive, and diplomatic dialogue—qualities I consider essential for this role.

The Global Greens are at a crucial turning point, with significant changes underway in both structure and vision. I would be thrilled to continue contributing to this collective effort, building on the foundations we have already laid together. My goal remains to promote European Green positions while strengthening bridges with our partners worldwide, in a spirit of openness and cooperation.

Please don’t hesitate to reach out if you have any questions.

Thank you for your trust and attention. I look forward to seeing you all in Lisbon.

Warm regards,
Pauline Nales
