Title:	**AM-56-1 to Res 2.: A budget for a sovereign Europe**
Tabled by:	Ecolo

Demands

Insert from line 55 to 57:

- environment protection, as well as 20 % for social policies. Steps must be taken to ensure that EU funds, in one hand, do not finance activities that cause significant harm to climate and environmental goals and in the other hand, actively support the efforts to reach climate goals.

Explanation / Comment

We believe that the Greens should be much more ambitious on that level. We should not only call that EU funds shall not finance measures that significantly harm the climate but also invest in measures that prevent it.
