Title: **AM-4-7 to Res 2.: A budget for a sovereign Europe**

Tabled by: Les Écologistes - Europe Ecologie Les Verts

From line 4 to 8:

~~We welcome the simplified architecture of the Multiannual Financial Framework(MFF) and the integration of new priorities such as competitiveness and innovation, security and defence. However, we criticise the renationalisation of EU funds through the creation of national envelopes for cohesion, social and agricultural policy.~~Though simplification of the MFF structure was needed, we are critical of the proposed architecture of the Multiannual Financial Framework (MFF) and the renationalisation of EU funds through the creation of national envelopes for cohesion, social and agricultural policy. The addition of new priorities such as security and defense must come with an increase of the EU budget so that existing priorities such as the fight against climate change and cohesion policy are not sacrified.
