by the European Greens

Title:	**AM-44-1 to Res 2.: A budget for a sovereign Europe**
Tabled by:	Miljøpartiet De Grønne

Insert after line 44:

AgoraEU must be equipped with sufficient and ring-fenced resources to strengthen democratic resilience, protect civic space and support independent civil society, media and cultural organisations across Europe. Support for civil society under AgoraEU must complement, rather than replace, dedicated civil society funding under other EU programmes, including those supporting climate and environmental objectives. Civil society participation must be embedded across the MFF, including in the design, implementation, monitoring and evaluation of EU spending programmes and National and Regional Partnership Plans.

Explanation / Comment

Complements the existing provisions on transparency, participation and Global Europe, while preventing the consolidation of all civil society funding into a single programme.
