Title:	**AM-62-1 to Res 3.: Climate Adaptation Against Inequalities**
Tabled by:	Ecolo

Demands

From line 62 to 63:

• Enforceable temperature thresholds ~~and adapted conditions~~ for all workers ~~and~~with the right to adapt or temporarily cease working without losing any income thanks to collective mechanisms that includes self-employed workers. Adapt conditions for children

Explanation / Comment

This amendment goes further that the one we have tabled in line 40. By pulling all the costs, we ensure that the burden does not fall on individual employers, which makes it genuinely possible to stop working when necessary.
By including the self-employed, everyone who works in hot conditions is covered.
