Title:	**AM-58-1 to Res 3.: Climate Adaptation Against Inequalities**
Tabled by:	Bündnis90/Die Grünen

Demands

From line 58 to 59:

• ~~Binding~~ **Binding, socially differentiated EU adaptation targets and ~~infrastructure~~ stress tests ~~against severe scenarios~~for critical infrastructure and public services, based on risk assessments that address social vulnerability**.

Explanation / Comment

Adaptation targets must address social vulnerability, not only physical risk. Stress tests should cover critical infrastructure and public services alike.
