Title:	**AM-18-2 to Res 3.: Climate Adaptation Against Inequalities**
Tabled by:	Green Party of England and Wales

From line 18 to 21:

Climate change is a threat multiplier ~~while~~, exacerbating existing environmental, social and economic vulnerabilities. While adaptation ~~itself~~has potential to alleviate these harms, if maladapted, adaptations can ~~actually~~also deepen inequalities through green gentrification and unequal access to protection.[Space] According to the Intergovernmental Panel on Climate Change (IPCC) and the European Environment Agency (EEA), older people, children, pregnant
