Demands

Insert after line 66:

We are fighting for a welcoming Europe.
We demand a humane, rights-based migration and asylum policy that protects the right to seek asylum, ensures safe and legal pathways, and ends illegal pushbacks and inhumane border practices. We reject increasing funding for Frontex with the aim of preventing people from reaching Europe, as well as agreements with third countries to transfer asylum seekers or outsource Europe's responsibility to provide protection. EU resources must instead prioritise saving lives, fair asylum procedures and dignified reception. People seeking safety must be treated with dignity, not criminalised. Migration enriches our societies, and everyone who makes Europe their home deserves equal opportunities and fair access to housing, education, healthcare and decent work. We stand for family reunification, solidarity and shared responsibility across Europe, and reject the far right's politics of fear and division.
