by the European Greens

Title:	**AM-36-3 to Res 1. : EUROPE IS NOT FOR SALE – For a sovereign, just and democratic Europe**
Tabled by:	Bündnis90/Die Grünen

Demands

Insert after line 36:

We are fighting for a Europe that gives young people a future.
Across Europe, young people are taking to the streets for democracy and their future. They deserve our solidarity, not just our applause. We demand a real say for them, including the right to vote at 16 in European elections, strong investment in education and training with Erasmus+ for all, and a fair start to working life: decent pay without age-based exemptions from minimum wages, secure contracts and affordable housing. They are hit hardest by the affordability crisis and will live longest with the climate crisis. Their mental health must become a European priority.

Explanation / Comment

Young people are hit hardest by the affordability crisis and will live longest with the climate crisis, yet the resolution does not address them. The section adds concrete demands: votes at 16, Erasmus+ for all, fair pay and secure contracts, and mental health.
