by the European Greens

Title:	**AM-41-2 to Res 5.: Green Data Centres for Europe: Climate-Safe and Sovereign**
Tabled by:	Green Party of England and Wales

From line 40 to 43:

without making electricity more expensive for everyone else. Its second is sovereignty~~:~~ ~~data centres open to foreign authorities do not become European by sitting on European soil – they must be built, owned and run by Europeans, with strong data protection and cybersecurity.~~ **and security:** data centres must be built, owned and run by Europeans, with strong data protection and cybersecurity built into operating standards, **and consideration of security risks for the location of the sites made during planning processes.**
