Title:	**AM-19-1 to Res 5.: Green Data Centres for Europe: Climate-Safe and Sovereign**
Tabled by:	Partido Ecologista Os Verdes

Insert from line 18 to 19:

demand. Europe needs digital infrastructure, but not at the expense of communities and ecosystems or by exacerbating water stress or grid constraints. Simultaneously, we must firmly reject its development and deployment forharmful or hostile purposes.

Explanation / Comment

The proposed addition of this paragraph is intended to highlight the importance of using and developing technology for purposes that promote development and progress, rather than technologies that contribute to the proliferation of hybrid wars and harmful porposes.
