by the European Greens

Title: **AM-71-1 to Res 4.: Defending the Right to Protest**

Tabled by: Bündnis90/Die Grünen

Demands

Insert from line 70 to 71:

6. the Party, and protecting the right of Members to express lawful dissent amongst its membership in line with the EGP Charter; while ensuring that Party events and debates remain free of antisemitism, anti-Muslim racism and other forms of group-focused hostility

Explanation / Comment

The demand can be interpreted politically in the context of the EGP's internal Middle East debate and the Brighton resolution, for example, as protection for members who equate Zionism with racism. The addendum clarifies that pluralism ends where members or groups are denigrated. The wording follows the BDK resolution from Hanover.
