Title: **AM-16-1 to Res 4.: Defending the Right to Protest**

Tabled by: Les Écologistes - Europe Ecologie Les Verts

Insert from line 15 to 16:

and with greater political impact. Together, they form the foundation of the right to protest.

We note with grave concern the massive collection of testimonies regarding the gender-specific health impacts of crowd-control weapons. In the absence of comprehensive scientific studies, the fact that nearly 10,000 women reported severe menstrual and reproductive disorders, including miscarriages, following tear gas exposure serves as a crucial alert that cannot be ignored.
