

Title: **AM-575-1 to S 5.2: Draft 2024 Manifesto -
CHAPTER I: The Courage to Put Planet and People
First – Our Green and Social Deal for Europe**

Tabled by: Vihreät - De Gröna

Draft text

From line 574 to 575:

and social future over short-term speculation. We will fight to revise the Green Taxonomy to make sure that gas all environmental risks are taken into account and nuclear no renewable investments are not greenwashed as “sustainable” displaced by legacy technologies.

Explanation / Comment

The Finnish Green view is that nuclear can be a part of a sustainable energy palette facing the urgency of minimising carbon emissions. We know from Copenhagen that this is a minority position, and do not expect to push the issue past CAS. If other delegations are interested in productive discussion, we are available!
