#### **Draft text**

**From line 70 to 72:**

~~The EU has committed to the European Green Deal and introduced key policies for climate protection in the past five years.~~

Our strong presence in the European parliament has, together with the European climate movements and in particular the youth, as well as many other NGO's, scientists and other political forces, kept the EU on track to realize the European green deal. We need to continue the push to strengthen the areas where compromises have left gaps and loopholes, and to raise the level of ambition.

Over the last years we have seen sceptics, lobbyists and conservative and populist parties attempting to pull the breaks on the green transition and replace science and progress with misinformation, inefficient policies and continued dependency on fossil energy
