

**Title:** **AM-79-1 to S 5.2: Draft 2024 Manifesto -  
CHAPTER I: The Courage to Put Planet and People  
First – Our Green and Social Deal for Europe**

**Tabled by:** SF - Green Left

**Draft text**

**In line 79:**

***Building a community of renewable energy***

*A transition building on renewable energy*

**Explanation / Comment**

**Reason:** removed the term “community” in the headline and the first sentence. It is ambiguous (European community - or local energy communities) - which makes the message less clear. Also replaced the term: “economic key to the future” with “key to a future based completely on clean, renewable energy.”
